# 48 HOURS IN CASPER

*With so much to see and do in Casper, it might be hard to know where to start. So to help, we've compiled a two-day itinerary. Mix and match these activities to create your own perfect Casper weekend.*

## DAY 01 /

### ADVENTURE STARTS HERE

Fuel up for day one at **Johnny J's** with their heavenly Country Benedict. If you're looking to add a little something sweet, try their Cinnamon Roll French Toast, and you won't be disappointed.

### HIT THE TRAIL (OR MOUNTAIN RD.)

No matter the season, it's probably a good time to hit the mountain. If you're up for a hike, we recommend the **Bridle Trail** that begins at **Rotary Park** (read more on page 33). If you're more in the mood for a scenic cruise, you can meander on **Casper Mountain Rd.** all the way over the summit and continue on to stunning **Muddy Mountain** on the backside of Casper Mountain.

### RECHARGE & FUEL UP

After a morning exploring, you've likely worked up an appetite. Our advice: a burger at **The Branding Iron**, where according to the *Travel Channel*, you'll find the best one in Wyoming.

### SHOP LOCAL

After you've refueled and recharged, it's time to discover **downtown**. Peruse dozens of shops bursting with the creations of local makers. Highlights include **Wyoming Shirt & Gift**, **Lou Taubert Ranch Outfitters**, **Mountain Sports** and **Cadillac Cowgirl**.

### DINNER & A SHOW

In the summer, **David St. Station**, Casper's outdoor live music and events venue, has concerts, movies, farmers markets and events several nights a week. If you're more interested in an indoor experience, several downtown venues host live music regularly. (Check [VisitCasper.com/events](http://VisitCasper.com/events) to see what's happening.) Downtown is also home to two of Casper's iconic and historic movie theaters: the **America** and the **Rialto**.

There are a variety of quality local eateries to help you savor the flavor of Wyoming in our walkable downtown. Looking for something very Casper? **Racca's Pizzeria Napoletana** offers a taste of Italy with a drool-worthy menu. If your crowd is all 21+, **The Gaslight Social** has an extensive beer and cocktail menu with a lively environment. Other popular downtown picks: **Crav-a-bowl**, **Dsasumo**, **The Cheese Barrel** and **Steamboat Deli**.

### RETIRE FOR THE NIGHT

Casper offers a wide variety of accommodations. Take your pick from the area's hotels on page 44. You can also pitch your tent or park your RV at one of the county's 11 campgrounds (page 48).

DOWNTOWN CASPER

# DAY 02 /

## RISE & SHINE

With an early start, you may be able to catch one of Casper's famous blazing sunrises from Lookout Point on Casper Mountain. Early risers also get a great table at one of Casper's very popular breakfast spots: **Eggington's**. Kick off the day with their phenomenal omelets, savory scrambles or their French toast that is actually a work of art. Pro tip: Don't leave without a cinnamon roll.

## EXPERIENCE THE NORTH PLATTE

The best way to experience the world-famous **North Platte River** is to just get in it. Spend the morning on the river floating, canoeing, kayaking or fishing. Need gear or advice? Don't worry. Our expert guides & outfitters have you covered (see a full list on page 55). If you're not up for a full immersive experience, the **Platte River Trails** system offers all the views with a much drier encounter.

## A HISTORICAL LUNCH

Take a break for lunch at one of the area's most unique restaurants: **The Hangar**. Aptly named, this restaurant was an actual airplane hangar at the original Natrona County Airport in 1927. Now, it is one of the area's most popular spots for lunch.

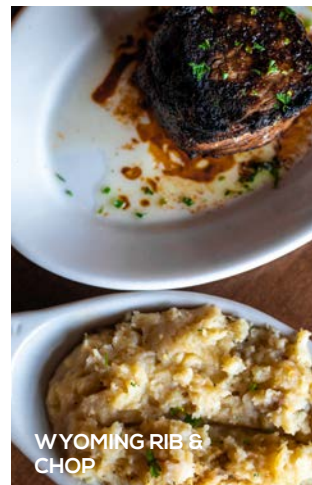

## GET A DOSE OF HISTORY

After lunch, get ready to be amazed by Casper's storied past. Spend the afternoon soaking up the area's pioneer history at the **National Historic Trails Interpretive Center**, a world-class museum with interactive exhibits. Or meet some of Wyoming's earliest residents at the **Tate Geological Museum**, home of Dee the Mammoth.

## DINNER & A NIGHTCAP

For dinner, stop by the **Wyoming's Rib and Chop House, Casper**. This local favorite has a delicious menu with a lot of variety. Treat yourself to one of the best steaks in the West, or try something new, like crab-crust chicken. Then, enjoy a nightcap from their creative cocktail menu. Our recommendation: a moscow mule featuring one of **Backwards Distilling Company's** distinct spirits.

# THE ROAD TO YELLOWSTONE

[ ONLY IN CASPER WILL THE ROAD TO  
YELLOWSTONE BE GENUINELY ADVENTUROUS ]

Yellowstone National Park, in northwest Wyoming, is a bucket list destination for travelers around the globe. Home to other-worldly geological features, abundant wildlife and millions of acres of pristine, Wyoming wilderness. Everyone should see this American gem at least once in their lifetime.

But the perfect Yellowstone vacation doesn't begin or end at one of the park's five entrances. A Wyoming road trip is almost as legendary as a trip to the world's first national park itself, and it happens to be the best way to get there. No matter your adventure, Casper is a must stop.

Unlike in Yellowstone, Casper's top-notch outdoor recreation opportunities are near hotels, dining and nightlife. Many of our most prized natural

attractions are just a short drive from the center of the city, leaving more time to create those Wyoming memories you'll always cherish.

Whether you fly directly into the Casper/Natrona County International Airport or drive yourself into the region, **Casper is the perfect hub for your trip.** After a night or two soaking up everything our mountain town has to offer, you're just a short (and scenic) drive from the park's southern entrance.

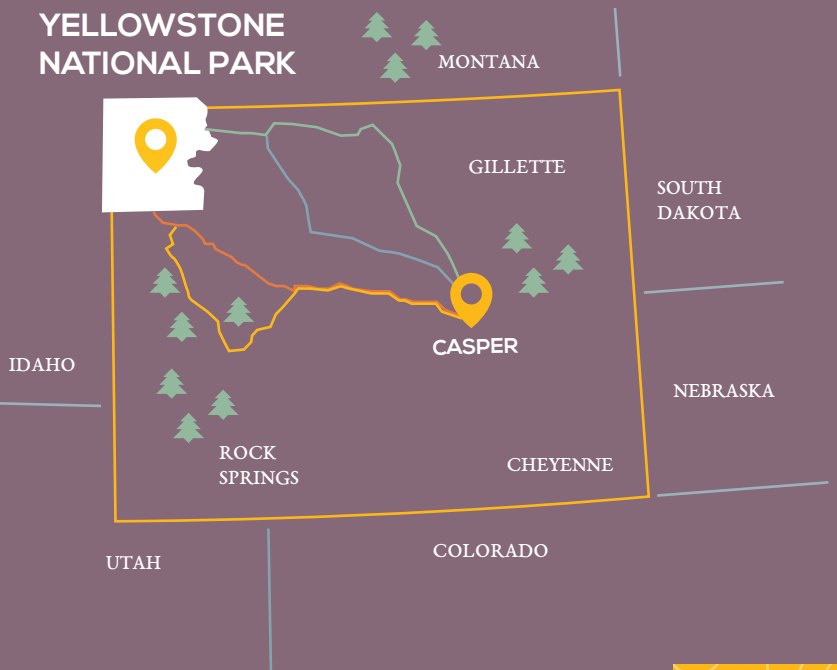

With affordable lodging, smaller crowds and endless opportunities to experience the best parts of the West, Casper is the perfect place to get acquainted with Wyoming life before journeying on to the park. In Casper, you can experience

small-town Wyoming charm in our downtown, stand in the footsteps of those who came before us along the Oregon Trail, get a taste of the West with local eats, brews and spirits, revel in nature on Casper Mountain or land the catch of a lifetime on the North Platte River.

If you're ready to start planning your epic Road trip from Casper to Yellowstone, scan the QR code to the right to **order your free Yellowstone Onramp Kit**. Along with an informational map with an exciting itinerary for every possible route, this kit is packed full of items that will make your road trip memorable and fun.

# DOWNTOWN

[ 5 REASONS WHY CASPER'S DOWNTOWN CAN'T BE MISSED ]

*The rumors are true: downtown Casper is thriving. A gem for locals and visitors alike, downtown is where early history meets the hustle and bustle of our modern city. Walk the lively streets, window shop, grab a drink or bite to eat and take in live music. From free events in our year-round outdoor plaza to specialty crafted local cocktails and craft brews, there's something for everyone in downtown Casper.*

WIND CITY SWEETS AND TREATS

## 01 / LIVING HISTORY

Casper's earliest history took place in the streets of what is now downtown. As the city became more modern in the late 1800s, the hub of town was Center and 1st Street, just as it is today. This means that a lot of life, business and history has been played out on these streets and in the historic buildings that line them. Many of the buildings you see today were built in the early 1900s. Stop by the Visitor Center and pick up a self guided walking tour map to discover the stories and history of downtown Casper up close. Pack a camera and an appetite - we promise you'll be beckoned back to explore more.

## 02 / DAVID STREET STATION

One of Casper's hottest attractions is **David Street Station**, where there is always something happening. This versatile gathering space hosts hundreds of events year-round including live music, festivals and farmers markets, a splash pad in the summer months and an ice rink in the winter. The cherry on top of this already-sweet venue: admission to events is always free.

## 03 / OUR ARTISTIC SIDE

Well known for outdoor recreation and wild west history, Casper also has a surprisingly vibrant and active arts scene, and there's no better place to experience it than downtown. You'll find iconic institutions like the **Nicolaysen Art Museum** and **ART 321**, as well as countless displays of public art such as colorful murals, sculptures and more intimate galleries like **Scarlow's Art & Coffee**.

Don't miss the **Casper Art Walk** happening the first Thursday of every month, May - September. Watch downtown come alive as artists and entertainment spill into the streets.

## 04 / INDULGE IN THE FOODIE SCENE

No matter what you're craving, you can find it downtown. With several new restaurants popping up alongside longtime staples, you won't go hungry.

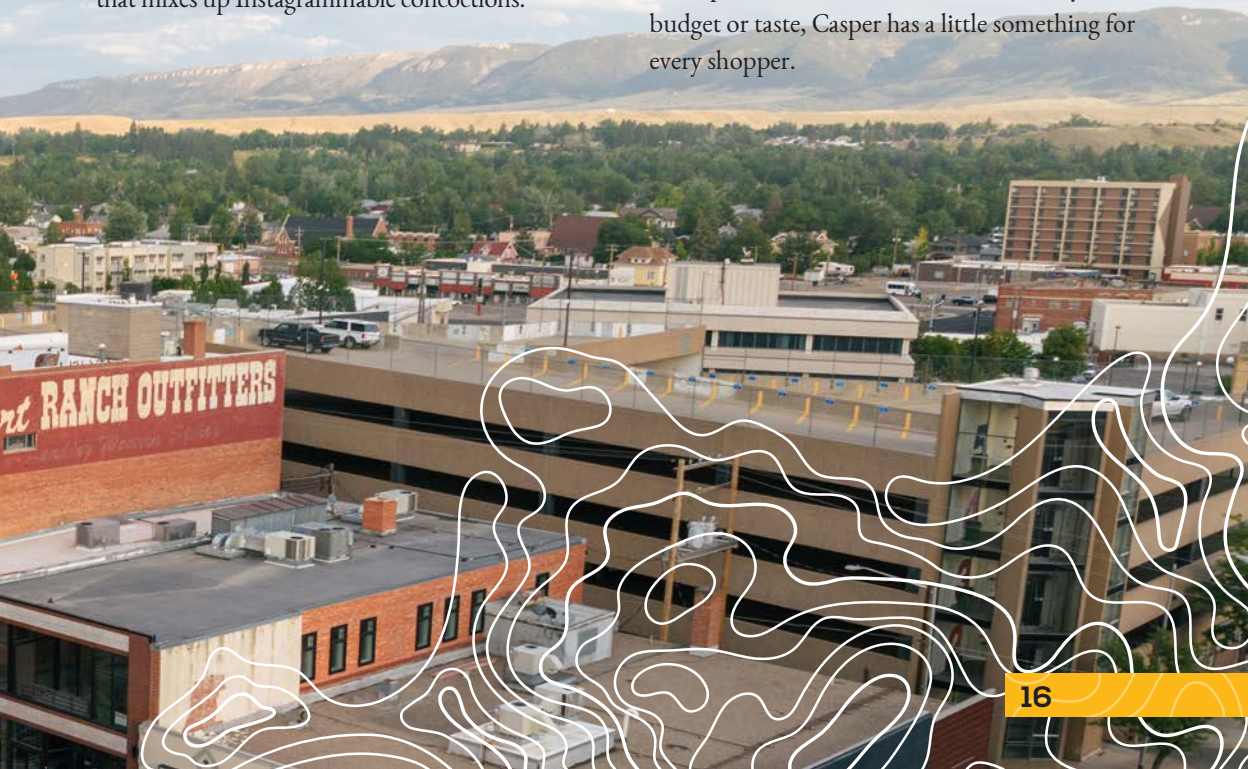

If you're in the mood for something sweet, local favorite **Wind City Sweets & Treats** makes homemade cupcakes, doughnuts, croissants and even gluten-free treats. If it's time for happy hour, stop by **Backwards Distillery**, a hip tasting room that mixes up Instagrammable concoctions.

UGLY BUG FLY SHOP

## 05 / LOCAL SHOPPING

Casper's downtown is home to boutique shopping worth raving about. To kick off your spree, grab a coffee (and a new read) from **Wind City Books**. From there, stroll on over to **Floral Rhino**, and **The Mustard Seed** for darling gifts, dazzling goods and modern aesthetics sure to make you feel right at home. While you're out, don't forget to gear up at the legendary **Ugly Bug Fly Shop**. Finally, take home something handcrafted from **307 Metal Works** or locally made products at **WyoMade**. No matter your budget or taste, Casper has a little something for every shopper.

# MURAL, MURAL ON THE WALL

We're convinced that when art takes to the streets of Wyoming, the most beautiful people and places come together. And we would be lying if we told you that our town's murals weren't at the top of the list of our favorite things.

From the powerful paintings on the faces of downtown's most historic buildings to the new colorful creations that have found a home on every corner, our art scene and the bold creatives that make it happen, have really been showing off lately.

Experience Casper's murals by scanning the QR code on this page or join us for the Casper Art Walk the first Thursday of every month from May - September.

# HISTORY OF THE WEST

[ ONLY IN CASPER WILL THE PAST  
BRING YOU CLOSER TO THE PRESENT ]

*For many places, Casper included, there's a history that cannot be easily explained. And around here, we believe it best to experience it for yourself. Today's Casper has been created from a rich past that includes: American Indian trails, fur trappers, pioneers, a thriving oil and gas industry, abundant outdoor recreation, dinosaurs and the Wild West. To truly experience the various facets of history, it's best to explore them.*

## PREHISTORIC WYOMING

The area's amazing history predates humans by thousands of years. Start by discovering rich geological and prehistoric history at the **Tate Geological Museum** at Casper College. While you're there, sign up to go out in the field with the museum's paleontologists on the next dinosaur dig. You can also meet Dee - an 11,600-year-old Columbian mammoth - and 3,000 of his closest fossilized friends.

## WESTWARD MIGRATION

When westward expansion began in the mid-1800s, Casper was a central hub for the nation's overland trails. The Oregon, California, Pony Express, Bozeman and Mormon trails all converged right here in Casper. More than half a million bold settlers made the grueling trek on these trails. Some carved their names into **Independence Rock**, an important historical landmark less than an hour from Casper off Highway 220. Learn about these early days of Casper at the world-class **National Historic Trails Interpretive Center**, **Fort Caspar Museum** and the **Mormon Handcart Visitors Center at Martin's Cove**.

NATIONAL HISTORIC TRAILS INTERPRETIVE CENTER

## THE OIL CITY

Along the way, some pioneers stayed and put down roots. What began as a cluster of shacks grew into a small town of around 1,000 residents in the late 1800s. Casper's population grew by more than 600% in just 20 years following the boom of oil business that began around 1910. When oil was discovered in the nearby Salt Creek Field, Casper became known as the "Oil Capital of the Rockies," a reputation that stuck. Even today, the Casper area is home to some of the nation's most productive oil fields. The **Salt Creek Museum** in Midwest (44 miles from Casper) chronicles the field's activity, the workers, their families and communities from 1889 to today (by appointment only).

## A WWII MILITARY HUB

During World War II, Casper briefly served as an Army Air Base to support the war effort. Today, the site of the base is partially intact with several original buildings and hangars still standing on the airport grounds. A self-guided tour through the Good Aviation and Veterans Museum at the Casper Airport will feed your inner aviator with a collection of WWII vintage planes as well as two rare MIG fighters. Also nearby: the **Wyoming Veterans Memorial Museum**, patriotically memorializes American veterans from the mid-1800s through present day.

# BIG CULTURE

[ ONLY IN CASPER WILL BIG CITY ENTERTAINMENT BE REMARKABLY ACCESSIBLE ]

Our town is full of surprises, and our creative scene is no exception. Casper offers residents and visitors a wide array of inspiring cultural outlets, the likes of which you would expect to find in a large metropolis. With endless opportunities to take in live music, theater and art, our cultural landscape is bound to captivate you.

The arts have been a part of the fabric of the community for hundreds of years. In 1924, the Casper Art Guild was organized to promote the visual arts in the community and the legacy of local artists who paved the way lives on in what is now recognized as **ART 321** - a lively art incubator, set in an old Pacific Fruit Warehouse, that supports artists and the bold creative community in Wyoming.

With collections from world-renowned artists and local favorites to a Discovery Center for kids and more, this gem is a hub for art and education in the West.

If music is more your muse, meet the **Wyoming Symphony Orchestra**. Celebrating over 70 years, the Wyoming Symphony Orchestra is comprised of the region's best musicians who are dedicated to their craft. From breathtaking, year-round performances to a family-friendly summer concert in Washington Park, this organization will have you singing.

## WHY CALL CASPER YOUR HOME?

I was born and raised in Casper and since coming back from college in Laramie, I have always felt it was a privilege to live in Wyoming. With the seemingly never-ending landscapes, the diverse western lifestyle and the people who call this state home, we are surrounded by beauty wherever we go. Casper holds a special place for me personally because I feel we are a community built on hard work, determination and pure grit. There is an underground feel to Casper that creates an environment of creativity and connection. I wouldn't want to call any other place home.

## WHAT INSPIRED YOU TO START YOUR BUSINESS?

My dad was a welder here in Casper for decades, but he was also a single father of three daughters. He was an example that we can achieve anything we put our minds to, but it requires a lot of hard work. When he had some free time, I loved hanging out in the garage learning how to use power tools to build or repair things. I didn't always know what kind of artist I would be, but I knew that I loved creating things. While I was earning my bachelor's degree in fine art, metal quickly became my favorite medium. I started slowly acquiring tools, setting up a space in my garage, exploring the boundaries of metal smithing and T. Hawk Studio was born.

## HOW DOES THE CASPER COMMUNITY KEEP YOU MOTIVATED WITH YOUR BUSINESS?

Making a living off of being creative, isn't always easy. After 12 years of metal smithing, there are still moments of doubt, overwhelm and just exhaustion. The encouragement of family, friends and the amazing people in our community have built me up in tough times and celebrated with me in the good times. Casper is full of creatives in many fields and there is room for all of us to succeed.

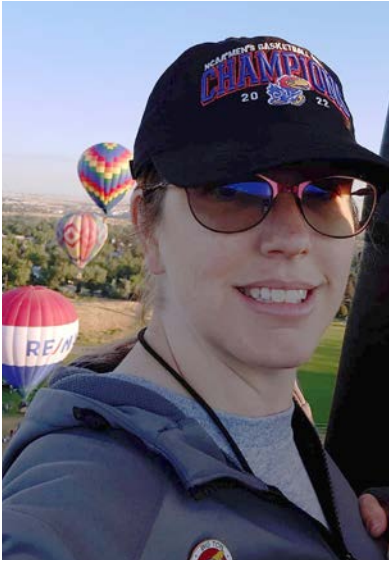

## WHAT ARE YOUR HOBBIES?

When I am not in my studio, you will surely find me with my doggo, LeRoy. We enjoy hiking the Casper Mountain trails, playing fetch with sticks at Alcovia, scootering the Platte River Trails, rockhounding for treasures, artwalks, visiting The Bloomery, or sitting on the patio at Black Tooth and Skull Tree Brewery. I try to always make time to take in the ever-changing exhibits at the Nicolaysen Art Museum too. No matter what your interests are it seems you can always find something fun to do here. Rain, snow or shine.

FOLLOW OLD TOWN FAMILY FUN ON INSTAGRAM @OLDTOWNFAMILYFUN

### WHY CALL CASPER YOUR HOME?

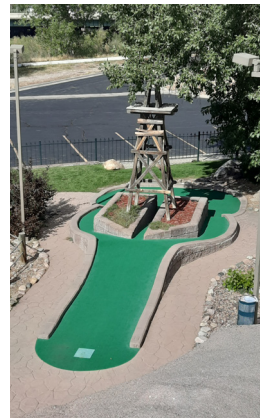

Why not? I had to convince my husband originally that Casper was the place for us as he only saw his day-to-day business side of it and not what benefits there were for our family. Now he's right on board with me that we couldn't have been luckier to call Casper our home and can think of no place we'd rather be. Our kids thrive with their school choices and activities. As a person always on the go, I am always so excited to see how many things there are to do every day of the year here, including festivals, farmers markets and concerts to local scene stuff like SINGO at The Office - our favorite way to escape from work and just have fun. My husband and I grew up in Kansas, so Casper tends to remind us often of home.

### WHAT'S THE MOST REWARDING THING ABOUT PROVIDING OLD TOWN FAMILY FUN EXPERIENCES TO YOUR GUESTS?

Guests will come into Old Town Family Fun for a great time playing mini golf or one of our many indoor attractions. Sometimes they're looking for a full day of fun to see all that Casper has to offer. It's great to share with them our must-do items based on their interests, but also adding a little bit of that local flair with pop-up events happening on the specific day they're here. It doesn't hurt that I get giddy excited when I see someone wearing Jayhawk gear walk through the door.

### HOW DO YOU CONNECT WITH THE CASPER COMMUNITY?

I'm a true believer in giving back and giving to others. Whether that be school, church or just my community in general. That outlook blends wonderfully with how I run Old Town Family Fun as well. The building blocks for Old Town have been a staple for entertainment in the Casper community for almost two decades with the community seeing many changes in faces, fun and the way everything came together. We took those building blocks as stepping stones to bring the facility and grounds back to the glory days of memory and then go farther. Overall, our mission is to provide the leading family entertainment experience in Casper, offering an amazing total family attraction package with year-round indoor and outdoor attractions in a themed, fun and safe family environment.

# THE FACES

## WHY CALL CASPER YOUR HOME?

We have lived in Casper for 14 years. We are originally from Colorado. We call Casper our home because it is a great and safe place to raise a family.

## WHAT'S YOUR FAVORITE THING TO DO AS A FAMILY IN CASPER?

We love the community Casper has, along with all the fun outdoor stuff to do as a family. We love to go to the lake in the summer, and go camping and hiking on the mountain. In the winter we like to snowboard, skate outdoors, and sled.

## WHAT "HIDDEN GEM" IS THERE FOR FAMILIES IN CASPER?

Our favorite hidden gem here in Casper for families is David St. Station. It has brought so much community to Casper. We love all the live music it brings, all the amazing events they put on throughout the year, the splash pad for kids, the family movie nights, farmers markets in the summer and more!

## WHAT DO YOU LIKE ABOUT RAISING A FAMILY HERE?

My favorite thing about raising our family here is it has that small-town feel, but there is still so much to do here as a family. I love knowing my babies are safe here, plus people are so nice and inviting, my kids can go outside and play with the neighbor friends and we don't have to worry.

## ARIK CHRISTENSEN

### HOW WOULD YOU LIKE TO SEE THE FUTURE OF OUTDOOR RECREATION EVOLVE IN CASPER?

The 42 kilometers of winter trails are already amazing. I would like to see the Trails Center developed with more single track for hiking and mountain biking in the summer. I also hope to see Hogadon open up for more summer use and I hope to see lots of single track continue to develop up there. I love the Bridle Trail and try to hike it once a week. The community must be grateful and should respect the landowners the trail passes through. We need to continue to work to keep this access public. More facilities and still more parking at Rotary Park would be a nice addition. Of course there is also room to grow the trails on Muddy Mountain.

### HOW DO YOU CONNECT WITH THE CASPER COMMUNITY?

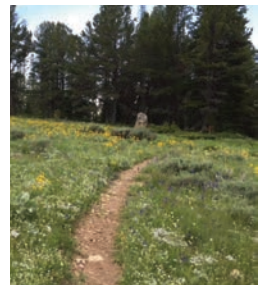

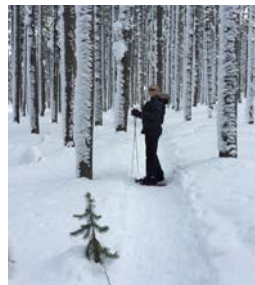

I have been a volunteer for the Casper Mountain Ski Patrol for about 20 years. The people on the ski patrol are the best you will find anywhere and the patrol has become part of my social life, in addition to being a fun way to give back to the community. I also enjoy meeting old and new friends while riding the lift. When I was a kid my mother enrolled my sister and I in a learn to ski program over Christmas break. Since that time I have never stopped skiing. For me, it is truly a lifelong sport.

### WHY CALL CASPER YOUR HOME?

Family is the first reason, but Casper Mountain is a close second. I can't imagine living anywhere without mountains to play in.

### WHAT ARE YOUR HOBBIES?

In the winter I enjoy both Alpine and Nordic skiing, and snowshoeing. In the summer I mountain bike, hike, kayak and do a little fishing. Fall is bird or big game hunting. When our family was younger we spent most of our summer weekends at Alcova Reservoir. I love days at the lake when the temperature reaches the high 90s. Although, in my opinion, fall is the best time of year to be at the lake. The crowds really thin out and you will have most of the lake to yourself.

# TAKING ON WAVES

[ ONLY IN CASPER WILL THE WATER BRING ENDLESS FUN ]

## THE WATER'S JUST FINE

There's more to Casper's rivers and lakes than just world-class fishing. At the heart of Casper is the **North Platte River**. Meandering 718 miles from its headwaters in Colorado to its confluence with the South Platte River in western Nebraska, the North Platte flows through Casper (and Natrona County) and provides abundant opportunities for a day well spent. Float, canoe

or kayak the North Platte for a serene and scenic trip down an iconic river.

Covering nearly 2,500 acres, **Alcova Reservoir** is one of the most popular recreational reservoirs in the region. Known for beautiful sunrises, abundant water recreation and fishing, Alcova Reservoir is one of the best places to spend a summer day. The reservoir's offerings include six campgrounds, eight boat ramps, an interpretive walking/hiking trail, a fishing pier and more. Plus, the on-site Alcova Marina offers rentals, boating supplies, a convenience store, fuel and a full restaurant and bar. For an unforgettable experience, we recommend

splurging on the resort's sunrise boat excursion through the canyon. From pristine views to natural serenity like never before, this is the Wyoming you've been waiting for.

Just down the road, you'll find **Pathfinder Reservoir**. With 117 miles of shoreline, Pathfinder Reservoir and its expansive waters are controlled by Pathfinder Dam. For a helping of local history, visit the Pathfinder Interpretive Center to learn about this engineering feat, one that has been in place since the early 1900s. For incredible views of the area, set out on the 1.7-mile-long interpretive trail near the dam. Additional amenities include campsites, a marina and restrooms. The reservoir is a great spot for camping, boating, fishing, hiking and birdwatching.

# CAUGHT BY YOU

Fly-fishing is more than a sport here in Casper. It's a way of life. There's something about that feeling that comes over you as an angler when you find your church in the wild and strike harmony with Mother Nature. Yet, no matter how poetic the cast or strategic the fly, taking photos with our trophy trout will never EVER get old.

So whether you're on a mission to catch your greatest monster yet or you need something to brag about around the Thanksgiving table, we promise to do our best to put you on a catch worth cheesing for. Check out some of our favorites from the year and tag us in your own North Platte selfies at [@visit.casper](https://www.visit.casper.com).

# GET OUTSIDE

[ ONLY IN CASPER IS NATURE A PART OF OUR CULTURE ]

*Here in Casper, the wild unknown is always right at your fingertips. From the wide-open-spaces that make up the sea of the high plains to the many rivers, lakes and mountaintops just begging to be explored, it's easier than ever to get outside and go wild. Whether you're seasoned mountain folk looking for your next adventure or you're long overdue for some quality time with Mother Nature, we've got just the place to fill that void.*

## 01 / CASPER MOUNTAIN

With miles of multi-use year-round trails, you can hike, bike, Nordic ski, snowshoe or fat bike on **Casper Mountain** almost any day of the year. Popular trails include: the **Bridle Trail**, a 4.5-mile trek that starts at Rotary Park and features Casper Mountain's iconic **Split Rock** near the peak; **Eadsville Trail**, a popular mountain biking trail that offers amazing scenery; and, the **Braille Trail**, a short hiking trail that was designed for the visually impaired and includes interpretive signs, handrails and picnic areas.

CASPER MOUNTAIN

VISITCASPER.COM | 1.307.234.5362 33

In the snowy season, the **Casper Mountain Nordic Trails** boasts nearly 26 miles of groomed trails that ranges from flat runs to steeper inclines. One of the trails is even well-lit in the evenings. In the winter months, a trails pass is required to use the Nordic trails. Get your day-use or season pass online at [natrona.net](http://natrona.net). If snowboarding or alpine skiing is your snow day activity of choice, put **Hogadon Basin Ski Area** at the top of your to do list. With 27 trails of varying difficulties, two lifts and a brand new lodge, Hogadon is a great way to spend a winter day. Did we mention our mountain neighbors will be offering night skiing for the first time this year? Yes, you read that right. Other notable attractions atop Casper Mountain include the **Adams Memorial Archery Range**, **Beartrap Meadow Park**, **Crimson Dawn** and the world-class **Casper Mountain Biathlon Center**.

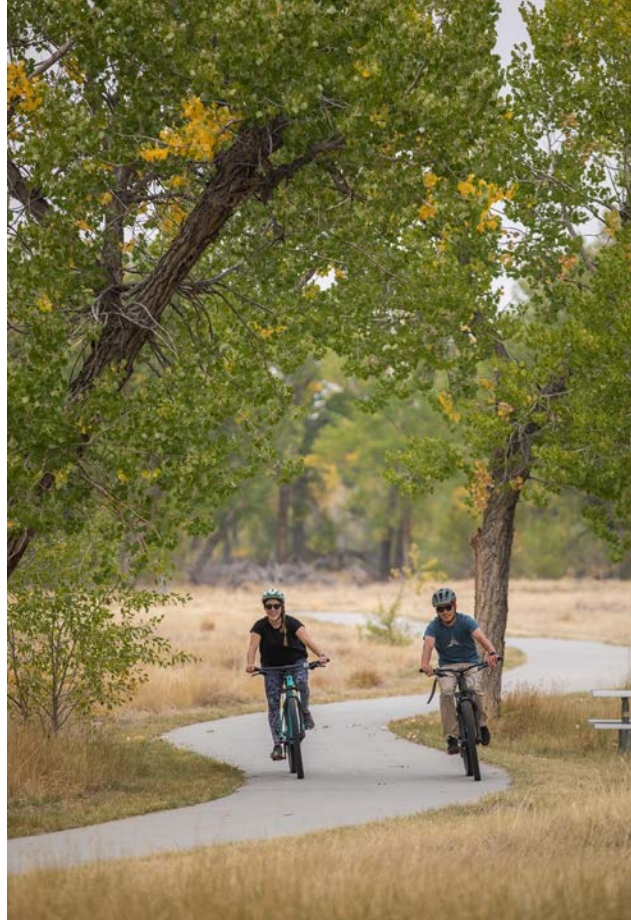

## 02 / EDNESS KIMBALL WILKINS STATE PARK

Just 6 miles outside of town, where the North Platte river meets the prairie that lies below the mountains, you'll find Edness Kimball Wilkins State Park (also known as EKW) where a wildlife and picnic paradise awaits you.

The fun is endless at EKW during a Wyoming summer. The park's amenities include: 2.8 miles of paved trails, a swimming pond, beach volleyball courts, boat access to the pond, more than 40 picnic areas, river access and a playground for the kids.

Oh, it gets better. Did we mention the wildlife viewing and fishing is unmatched at EKW? Experience it for yourself.

EDNESS KIMBALL WILKINS STATE PARK

FREMONT CANYON

## 03 / FREMONT CANYON

Welcome to Wyoming's best kept secret: Fremont Canyon. Sitting about 4 miles southwest of Pathfinder Dam, Fremont Canyon boasts beckoning red rock walls that rise high above the North Platte River that calmly winds and flows its way through.

Whether you dream of casting a line from the shore or traveling by kayak, this Wyoming gem is impossible to forget. Remember to keep your eyes up from time to time to admire the surrounding sandstone and limestone topography as well as a daring rock climber or two.

Pack your cameras and your western spirit - if you haven't fallen in love with Central Wyoming yet, just wait until you see this.

*Welcome to the Wild West. This part of Wyoming has been a place where travelers have been coming to and through for hundreds of years, and our goal is to keep it just as pristine and untouched for generations to come. When you visit Casper, we invite and encourage you to become an advocate for the outdoors and Wyoming's wild prairies.*

*Here are ways you can recreate responsibly and travel safely, while still soaking up all Wyoming has to offer:*

## **KNOW BEFORE YOU GO**

Before you venture out into Wyoming's great outdoors, be sure you know where public land ends and private land begins. In Wyoming, any body of water that runs through private land is owned by the landowner — including the river bed. If you're fishing, be sure to know where you're floating and stay in your boat as you float through private land.

When you're out hiking or mountain biking, respect the boundary between public and private lands, as there are portions of publicly accessible trails that go through private land. Be respectful, aware and stay on the trail.

## **BE WELCOMING**

Choose to be kind, be considerate of those around you and learn the rules of playing outside, from trail etiquette (mountain bikers yield to foot traffic; foot traffic yields to horseback riders; downhill hikers yield to hikers heading uphill) to where to camp. Here it's customary to greet other explorers with a smile and a simple "hi."

# TRAVEL & RECREATE RESPONSIBLY

## **/ GIVE PEOPLE SPACE**

In Natrona County, we have 14.5 people per square mile, which means there is lots of room to roam. When recreating outside, give others around you extra breathing room. Step off the trail and let them pass, be considerate and take advantage of Wyoming's vast spaces.

## **/ LEAVE NO TRACE**

Leave the outdoors better than you found them. The biggest elements are respecting wildlife and giving them space, pack it in/pack it out (take all your garbage with you) and be sure to completely extinguish your campfire.

## **/ TREAD LIGHTLY**

Stay on designated roads and trails. Park on the dirt rather than the fringe of the area where vegetation is still surviving. Go over – not around – obstacles to avoid widening trails. Cross streams at appropriate areas and avoid wet and muddy trails. When you're playing on the water, launch watercraft in designated areas and stay on waterways.

## **/ PLAN AHEAD**

Weather can change quickly. Check road conditions and weather forecasts. Pack extra layers, keep water and snacks with you, and carry along hard copies of maps which can be picked up at the Visit Casper office.

# BEAUTIFUL URBAN TRAILS

One of the things locals and visitors love most about Casper is how the wilds of Wyoming seem to be just outside the front door. No matter where you are, you're only a few minutes from being able to experience nature, see wildlife and hit the trails. And our top-notch trails aren't limited to those found on Casper Mountain. Even Casper's urban center makes it easy to soak up some nature in the middle of town with an extensive and well-mapped trails system.

One of the most notable urban trails is the Platte River Trail, a 10.5-mile paved trail that runs from the North Casper Soccer Fields through town, by the Tate Pumphouse and

White Water Park, eventually ending in Paradise Valley Park on Casper's west end. The Platte River Trail allows walking, running, biking, skateboarding and roller blading along the scenic North Platte River. And even more good news: leashed dogs are welcome.
